

Countdown to Earth Day! Let's Build Mt. Trashmore (Rid Litter Day)!!!!

The banners and signs will soon adorn our Town Green, displaying Redding's mission to "Reduce, Reuse, Recycle" and build "Mt. Trashmore" in honor of Earth Day 2021!

Bring family and friends to the Town Green on Saturday, April 24, 2021 (9 am to 1 pm p/u; drop off until 3 pm) to pick up gloves, vest and trash bags and head out to rid Redding of roadside litter!

If you already have a road you want to clean up let us know ahead of time and we will keep a running list of "requests". Otherwise we will assign you a road.

Once you are done, just bring your trash back and help us build Mt. Trashmore. Come back around 2:45 for a photo op and help load the dumpster. After the dumpster will be weighed. In past years we have collected close to a ton of trash!
